Early Life

Olaudah Equiano was born in the village of Essaka, in what is now Nigeria. His parents were farmers, and he had a happy childhood. But in 1756, when Equiano was about 11 years old, he was kidnapped by a group of slave traders. He was taken to the coast and sold to a European slave ship.

The Middle Passage was a horrific experience for Equiano. He was crammed into a crowded ship with hundreds of other slaves. The conditions were unsanitary, and many of the slaves died during the voyage. Equiano himself was almost thrown overboard when he became sick.

Slavery in the Caribbean

The slave ship eventually arrived in Barbados, and Equiano was sold to a plantation owner. He worked long hours in the fields, and he was often beaten by his overseers. But Equiano was determined to survive. He learned to speak English, and he began to read and write.

In 1762, Equiano was sold to a new owner, a Quaker merchant named Robert King. King was a kind and benevolent master, and he allowed Equiano to work as a sailor. Equiano traveled to many different countries, and he learned about different cultures. He also began to develop his own views on slavery.

Abolitionist Activities

In 1766, Equiano purchased his own freedom. He then traveled to England, where he became involved in the abolitionist movement. He wrote his autobiography, *The Interesting Narrative of the Life of Olaudah Equiano*, which was published in 1789. The book was a powerful indictment of slavery, and it helped to raise awareness of the plight of slaves.
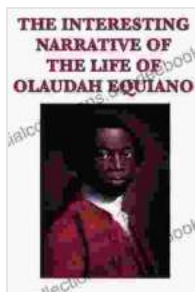

Equiano also testified before Parliament about the horrors of slavery. He spoke out against the slave trade, and he called for the abolition of slavery. Equiano's work helped to lay the foundation for the abolition of slavery in the British Empire.

Legacy

Olaudah Equiano was a remarkable man who made a significant contribution to the fight for freedom and equality. His autobiography is a powerful reminder of the horrors of slavery, and it continues to inspire people around the world.
