

Of All The Things Wish To See

I have always been a dreamer. Ever since I was a little girl, I would spend hours lost in my own thoughts, imagining all the amazing things that I wanted to see and do in my life. As I got older, my dreams only became more vivid and ambitious. I realized that there was a whole world out there waiting to be explored, and I was determined to experience as much of it as I could.

Of course, I know that I can't see and do everything that I want in my lifetime. But that doesn't mean that I'm going to stop dreaming. In fact, I think it's important to keep dreaming, no matter how old you are. Dreams are what keep us motivated and excited about the future. They remind us that there is always something new to learn and experience.

So, here is a list of all the things that I wish to see before I die:

1. I want to see the Great Wall of China.

2. I want to visit the Taj Mahal.
3. I want to go on a safari in Africa.
4. I want to see the Northern Lights.
5. I want to climb Mount Everest.
6. I want to swim with dolphins.
7. I want to see the pyramids of Giza.
8. I want to visit the Amazon rainforest.
9. I want to go to the moon.
10. I want to meet Nelson Mandela.

This is just a small sampling of all the things that I want to see and do in my lifetime. I know that some of these things may seem impossible, but I believe that anything is possible if you set your mind to it. I'm not going to give up on my dreams, and I hope that you won't give up on yours either.

Life is too short to waste on things that don't make you happy. So, go out there and live your dreams. See the world, experience new things, and meet new people. You never know what you might find.
